Summary :

Results-oriented and highly skilled Full-Stack Developer with over 5 years of experience in designing, implementing, and maintaining robust web applications. Possess a Bachelor's degree in Computer Science and a strong foundation in JavaScript (Node.js, React, Angular), Python, and Ruby. Proven expertise in both relational and NoSQL databases. Adept at containerization and CI/CD pipelines. Committed to delivering high-quality software solutions to meet and exceed client expectations.

Education :

Bachelor of Science in Computer Science

Tribhuvan University, 2081

Professional Experience :

Senior Full-Stack Developer | Swastik Technologies, Bhaktapur | 2019

Led the development of [Project Name], a scalable web application using Node.js and React, resulting in a 30% increase in user engagement.

Implemented efficient data storage solutions using both relational (MySQL) and NoSQL (MongoDB) databases, ensuring optimal performance.

Collaborated with cross-functional teams to design and implement RESTful APIs, enhancing system interoperability.

Utilized containerization technologies, such as Docker, to streamline deployment processes and improve application scalability.

Spearheaded the integration of CI/CD pipelines, reducing release cycles by 20% and enhancing overall development efficiency.

Full-Stack Developer | Tribhuvan Technologies, Lalitpur | 2015

Developed and maintained web applications using Angular and Python, ensuring a seamless user experience.

Collaborated with UI/UX designers to implement responsive and visually appealing front-end interfaces.

Managed database design and optimization, contributing to a 25% improvement in application performance.

Participated in code reviews, providing constructive feedback to team members and maintaining code quality standards.

Technical Skills :

Languages: JavaScript (Node.js, React, Angular), Python, Ruby

Databases: MySQL, MongoDB

Tools & Technologies: Docker, CI/CD pipelines

Other Skills: Communication

Declaration :

This is true.
